Summer Safety Tips

Parents should know where their children are at all times!

Children need to be reminded of "Stranger Danger." They should report to an adult all suspicious individuals in the neighborhood.

Do not swim in areas that do not have a lifeguard on duty.

Prolonged exposure to the sun can be harmful. Children should dress appropriately and not be exposed to the sun for long periods of time.

Please call the CPS violence prevention hotline, 1-888-881-0606,
for assistance in preventing violence in your home, on your street, in your school and in your community.
